

REMARKS

Claims 1-3, 5- 12, 14-15, 17, 19-25 are pending. Applicant submits that the amendments do not add new material to the current Application. No amendment made is related to the statutory requirements of patentability unless expressly stated herein. No amendment made is for the purpose of narrowing the scope of any claims, unless Applicant argues herein that such amendment is made to distinguish over a particular reference or combination of references.

Claims 4 and 16 were objected to because they depended from rejected independent claims 1 and 14, respectively. Applicant has amended claim 1 to include the features of claim 4 and claim 14 to include the features of claim 16 to hasten prosecution. Claim 24 was allowed. All other pending claims depend from claims 1 or 14. Hence, the Examiner should find all claims allowable.

The Office Action contains numerous statements characterizing the claims, the specification, and the prior art. Regardless of whether such statements are addressed by Applicant, Applicant refuses to subscribe to any of these statements, unless expressly indicated by Applicant.

If Applicant has overlooked any additional fees, or if any overpayment has been made, the Commissioner is hereby authorized to credit or debit Deposit Account 503079, Freescale Semiconductor, Inc.

Respectfully submitted,
